

Gapar Galym

Backend Developer

gapargalym@mail.ru — Almaty / Astana, Kazakhstan
GitHub — Telegram — Instagram

SUMMARY

Software Engineering student focused on backend development and building practical applications. Interested in API design, system logic, and creating simple but meaningful products. Disciplined, responsible, and fast-learning, with strong interest in improving real-world development skills.

TECHNICAL SKILLS

Languages: Go, JavaScript (Node.js), Python, Java, C++

Backend: REST API, Express.js, basic backend architecture

Databases: MongoDB, PostgreSQL

Tools: Git, Docker, Linux

Frontend: HTML5, CSS3, EJS

KEY PROJECTS

Reflex App

Node.js, Express, MongoDB, EJS

- Developed a web application for journaling and self-analysis with user authentication.
- Implemented CRUD operations for personal entries with filtering and search functionality.
- Designed an insights system to analyze user behavior patterns based on mood and activity.
- Built a clean and minimal interface focused on usability and simplicity.

Zombie Arena (2D Game)

Java

- Developed a 2D pixel-style survival game with wave-based gameplay mechanics.
- Implemented player controls, enemy spawning logic, and multiple weapon types.
- Designed game structure and interaction logic using object-oriented programming.

School-178 Project

HTML, CSS, JavaScript

- Developed a prototype web system for a school cafeteria to reduce queue time.
- Designed a concept where users pre-order meals before breaks using unique order codes.
- Presented the project in a city-level competition and achieved 2nd place.
- Focused on idea validation and real-world problem solving.

EDUCATION

Astana IT University (AITU)

BSc in Software Engineering, 2nd Year
Astana, Kazakhstan

LANGUAGES

Russian: Native

English: B2–C1

Kazakh: Native / Fluent

ADDITIONAL INFORMATION

- Disciplined, responsible, and adaptable.
- Fast learner with strong problem-solving approach.
- Experience in teamwork and basic team coordination.
- Interests: guitar playing, gym training, personal development.
